# Emerging Trend 1: Workforce Planning/Redesign

# ET1: Workforce Planning/Redesign

---

- Complexity of work will continue to increase
- The value of human-centered work design will continue to increase
- Decisions on hybrid/remote will be made closer to the work
- Locational and temporal flexibility will differentiate highest-performing agencies regardless of talent supply/demand
- Four futures of front-line work (Gartner 2022)
  - Comprehensive process automation
  - Collaborative human-machine teams
  - Hyper-augmented humans
  - All-knowing robobosses

# Solutions

---

- Comprehensive, direct delivery consulting solutions from OPM's HR Solutions organization (secured via interagency agreement):
  - Workforce and succession planning
  - Organization design
  - Human-centered work design

# Emerging Trend 2: Innovative Hiring Practices

# ET2: Innovative Hiring Practices

---

- Early career hiring reform
- Skills-based hiring
- AI enabled candidate assessments
  - AI ethics and guidelines will be critical
- Mobile assessment

# Solutions

---

- OPM offers USA Staffing and USA Hire online assessment (including video interviewing)
- Skills-based assessments
- Mobile assessments

# Emerging Trend 3: Closing Skill Gaps

**FAST  
2023**

## **Audience Poll**

# ET3: Closing Skill Gaps

---

- Throughout FY21 and FY22, the second highest rate of separation (~9%) behind retirement eligible employees was among employees under the age of 30\*
- Age is a component, but retaining and retraining is the focal point
- Have you experienced this?
  - Loss of expertise or skills through attrition? (“knowledge vacuum”/ skills gap)
  - Existing workforce having trouble adapting to new environment and/or technology?
  - Loss of engagement in the virtual space?

\*Aug 2022 Partnership for Public Service Report

# ET3: Closing Skill Gaps

---

- The shift to remote work and cloud-based infrastructures, paired with a significant increase in cyber attacks, underscores the importance
- Over half of the federal cybersecurity workforce is at or nearing retirement eligibility
  - Only 23% is under age 40\*
- Current classification standards for IT do not fully capture work performed by the federal cyber workforce\*
- Huge opportunity for the federal Human Capital space - particularly in HC strategy and organizational performance improvement
  - How can we better develop and retain cybersecurity talent?

\*September 2022 report from the the Federal Cyber Workforce Management and Coordination Working Group

# ET3: Closing Skill Gaps

---

- Critical skill gaps in managerial ranks due to new workplace norms:
  - Managers and employees perception of telework are impacted by:
    - Digital experience for teleworkers
    - Digital literacy
    - Managerial trust, support & expectations
    - Adaptation/ Change Management
- Upskilling with AI to close these gaps:
  - Online Application/System training & support
  - Clearly defined and communicated organizational performance standards

# ET3: HCaTS Example

---

## US Agency for International Development (USAID) - Human Resources Delivery and Transformation (HRDT) Services

Background: USAID employs ~10,000 development professionals, 2/3 overseas (87 countries; program support in 31 additional countries)

Need: Support in re-designing USAID's full range of human capital management and Human Resources services

Challenge: 1) customer service, 2) process and policy, 3) tools and technology, and 4) talent and culture

# ET3: HCaTS Example (cont)

---

## How this Human Capital Project is Closing Skill Gaps:

- Performing a full skills assessment of the entire workforce (current skills, future needs, identifying gaps)
- Reviewing content management processes and providing recommendations on Knowledge Base gaps
- Analyzing USAID services to inform tools/ methods for improving overall HR experience
- Utilizing HR IT tools to provide automation, improved workflow, and increased transparency into HR processes
- Providing an agile talent management system that swiftly recruits, trains, deploys, and retains people

*Flexible personnel practices and human capital integrated tools allows an Agency's workforce to focus on the mission, rather than on outdated and burdensome practices.*

# Emerging Trend 4: Equipping the Workforce

# ET4: Equipping the Workforce

---

- Retaining talent and career mobility
- Re-skilling/ Up-skilling for your current position
- Training in a remote environment
- Updating new HR processes
  - Updating interview process/ train interviewers
  - Build a more comprehensive onboarding experience
- Ergonomic way to set up your space
- Using the right tech and work process infrastructure
  - Eg: DHA to ECMAT

# ET4: HCaTS Example

---

## **DHA (Defense Health Agency) - End User Engagement, Standards, and Workflow Support (EUESWS) for Health Informatics**

Background: Supports and provides medical care for the DOD's 9.4 million eligible beneficiaries through the \$52 billion defense health program that includes contracted health care networks and military treatment facilities

Need: Support with workflow transformation and standardization, including implementation and sustainment of the new Electronic Health Record System, including training across their enterprise of treatment facilities.

# ET4: HCaTS Example (cont)

---

## How this Human Capital Project is Equipping the Workforce:

- Implementing and supporting learning-based virtual environment to enable a collaborative culture of informatics SMEs via knowledge sharing platform and key knowledge transfer activities
- Packaging the training tools and modules into a “virtual university” concept to enhance learning
- Employing best-practice change management approaches to assess site readiness and adoption to identify and address potential gaps

*This project will provide users with the information they need to increase Electronic Health Record System adoption and optimization, to deliver better health outcomes for 9.4 million Americans.*

# Market Research

Steve Krauss, OPM Senior Advisor, OPM HR Quality Services  
Management Office / HR Line of Business

Keith Smiley, OPM Program Manager, Human Capital Category  
Management

Tiffany Shabanian, GSA Program Manager, MRAS

# Human Capital Market Overview

---

- Human Capital is one of the ten common spends for federal agencies
- FY22 Total spend: \$5.3B (FPDS) and \$1B (G2G Shared Services) Total HC FY22 Spend: \$6.3B
- One of the smaller market/categories – but, in terms of impact – it is the most critical since it deals with federal workforce
- Federal workforce is the primary resource for how work gets done, and decisions made – therefore maintaining a high performing workforce with the desired skills is key for agencies to achieve their mission

# OPM Welcomes HR QSMO

---

- OPM is the lead agency for Human Capital Management
- OPM's Human Resource Service (HRS) houses three very instrumental departments:
  - Human Capital Category Management (HCCM) - defines procurement strategies
  - Human Resources Line of Business (HRLOB) - defines data standards
  - HR Quality Services Management Office (HR-QSMO) - manages HC marketplace
- This gives the federal customer a streamlined approach developing their respective HC requirements

Takeaway: The HR QSMO will serve as the Ethos of government-wide human capital. Specifically, all things HC shall come through the HR QSMO. That includes policy guidance, scope, data, supply chain and HC requirement formation.

# Human Capital Scope

The HC Business Reference Model (HCBRM) framework defined Federal Human Capital Management by representing the 15 Functions and 50 Sub-functions in the HC lifecycle.

Coming soon to the Acquisition Gateway!

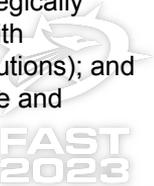

The screenshot displays the Acquisition Gateway website interface. At the top, the logo "Acquisition Gateway" is visible on the left, and a search bar with the text "Search Acquisition Gateway" and a magnifying glass icon is on the right. Below the search bar, the user is logged in as "Welcome, elizabeth.duvall". Navigation links for "Tools & Resources" and "External Resources" are also present. The main content area features a breadcrumb trail: "Home / Quality Service Management Offices / Civilian HR". On the left, a "Service Catalog" sidebar is open, listing various options: "Solutions Finder", "Service Catalog" (highlighted), "Initial Offerings", "Market Intelligence Center", "Federal Standards", "Learning Center", "Communities of Practice", and "Who We Ae". The main content area is titled "Service Catalog" and features the OPM logo (U.S. Office of Personnel Management). Below the title is a large image of a woman's hand pointing at a digital interface with "HR" in a blue circle and various icons representing HR functions. To the right of the image is a call-to-action box: "For more information on HR QSMO and its offerings please contact [hrqsmo@opm.gov](mailto:hrqsmo@opm.gov)". Below this is a button that says "Launch The QSMO Solutions Finder". At the bottom of the page, there is a block of placeholder text: "Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. # OPM Assisted Acquisition Services for the CDC

---

- **Challenges**
  - Identified critical need to improve services to the public suffering from non-infectious diseases which have increased due to the pandemic (e.g., spousal abuse, drug/alcohol abuse, child abuse)
  - Identify acquisition support and human capital expertise
- **Actions**
  - Analyzed highly complex requirements from multiple components within the non-infectious disease directorate
  - Drafted PWS and assembled acquisition package, including working with all stakeholders including the OSDBU and SBA to allow use of the HCaTS unrestricted IDIQ
- **Results**
  - Awarded base + 4 option year task order under HCaTS Unrestricted
  - Saved 29% on the cost of services

# GSA Helps TSA Outsource their HR Services

---

Transportation Security Administration used HCaTS to award a \$350M contract to outsource their HR services.

- **Challenges**
  - TSA is the 2nd largest component in DHS with 67k employees
  - Annually, TSA must recruit, hire and manage thousands of new employees
  - TSA needed a turnkey HR solution for seven major service areas
- **Actions**
  - Utilized MRAS to confirm capacity & capabilities of GSA HCaTS vendors
  - Evaluated using GSA Assisted Acquisition Service
  - Conducted an industry day and released draft RFPs to get vendor feedback
- **Results**
  - Able to award this large task order in only 6 months from RFP
  - Awarded to a full service HR firm AND received Best in Class credit by using HCaTS

# Organization Hires Experts to Improve Virtual Meetings

---

- Challenges
  - Remote Workforce
  - COVID causes sudden shift in work routines and environments
  - Lack of experience in fully virtual environment
- Actions
  - MAS used to find and hire experts to teach effective virtual practices
  - Focused on Training, Project teams, Strategic Initiatives, and Problem Solving
- Results:
  - Employee engagement, job satisfaction, great collaboration and team effectiveness
  - Successful and impactful collaboration on all focus areas

*Your workforce, regardless of job, requires the right tools to be successful*

# Winning Workforce in a Hybrid Work Environment

---

- Challenge
  - Agencies are experiencing longer-term “hybrid” work environments with employees in the office, teleworking and/or permanently remote
- Actions
  - Identify barriers preventing agencies from thriving hybridly
- Results
  - Creating a culture of continuous learning and feedback
  - Leveraging employee experience platforms to improve communication
  - Onboarding new hires to set them up for success
  - Developing a “culture of learning” by offering digital learning tools that blend physical and remote work
  - Offers options for work-life balance which leads to increased productivity
